The Last Straw Cottage is uniquely built from straw bale construction and will be exclusively yours for the duration of your stay. This romantic cottage is an ideal holiday retreat for anyone who wants total independence and privacy.

Situated in a quiet, picturesque valley on a 16 acre farmlet this 3 bedroom cottage has all the features of a modern home (TV-Video, CD & DVD player, shower, claw foot bath, washing machine, dryer, microwave) but the atmosphere and charm of an old world cottage with wonderful thick walls, all natural materials and recycled timbers. It is the perfect place to unwind, relax and enjoy the delights of the Nelson region.

It has its own private garden setting and courtyard with BBQ, brazier & sun loungers. The cottage is 5 minutes from 3 of Nelson's fine rivers which offer great swimming, fishing and picnicking. Rabbit Island beach is 10 minutes from your door, Tahunanui Beach 20 minutes & Kaiteriteri Beach 40 minutes.

There are a wide variety of recreational activities available which include fly fishing, horse riding, tramping (Abel Tasman National Park & Kahurangi National Park), skiing, adventure sports etc. Wineries and potteries nearby.

An evening meal can be enjoyed at any one of Nelson's award winning cafes & restaurants or self catered in your fully equipped kitchen.

Provisions for continental breakfast will be left for you in the cottage or a delicious breakfast hamper can be ordered full of fresh local produce.

Charming cottage, with loads of really nice touches to elevate you well beyond anything we've experienced both in New Zealand and Overseas.

Richard & Samantha, Whangarei, NZ.

There is a fully equipped kitchen, with fresh ground coffee, muffins and freshly squeezed orange juice to greet you. Pets are welcome (outside only), paddocks for horses, warm stable and kennel provided. The Last Straw Cottage is a non-smoking property.

Spend time relaxing in front of the open fire, have a long soak in the deep bath, or enjoy a BBQ outside in the cottage's own garden and courtyard. Mountain bikes are available if you fancy a more active day!

The Last Straw Cottage has been created to cater for your every need
